

### What are we looking for?

- best practise
- have fun ☺
- working in satisfying and innovative ways
- learning from each other
- to come to the results with a lot of good mood and fun
- do what we promised to the EU
- lets people think
- nice collaboration
- mutual enrichment
- new ideas
- break some old rules in the constitution of training curricula
- new experience
- mutual understanding and collaboration

### My offer?

- my own creativity
- bring in the project not only my idea but collection of ideas
- own experience
- informal learning
- my expertise
- revise our training offer
- hard work
- to combine various procedures in steps / time
- my time
- I can offer myself for experiments (being like a “white mouse”)
- to put individual methods used for AE together

I am

- interested
- interested in discussions and experience
- curious interested
- a learner / student
- obliged to consider firstly my creativity
- curious
- the combination of rationality, surprise and humour
- looking forward to my first LdV meeting
- in the middle of the problematic because creativity is my issue since I am working in the domain of pedagogic and training
- way founder
- open to experiments
- open for new things
- interested in seeing how the partners work in creativity and in their daily work
- enthusiastic
- responsible for the change
- a mother
